

### MINICUTE EZ WIRELESS MOUSE

#### DESCRIPTION:

- Soft rubber coating
- The scroll wheel made of silica gel is precise and feels comfortable
- Specially designed finger slots to support fingers
- Its ergonomic shape eliminates forearm twisting and offers better relaxation of fingers
- Opposing thumb slot to finger slots naturally counteracts the finger pressure, so that the EZMouse does not move sideways when clicking with normal force
- What's included: -Wireless Vertical Mouse, AAA batteries (2), Nano receiver, mouse pad and carrying pouch
